

Leave of Absence Policy

VFS does not allow “leaves of absence” except in the event of a serious medical and/or personal crisis. If you cannot avoid taking time off, please provide your program administration with a written explanation of the circumstances and they will arrange a meeting with you and Educational Administration to address the situation. If students are approved for “leaves of absences” they are normally not eligible to rejoin the program for 6 – 12 months. If the situation is serious enough to warrant a break from the program, students need to take the appropriate amount of time before returning to their programs.
